Williamson Medical Center begins Ostomy Support Group

FRANKLIN, TENN. – Williamson Medical Center has begun an Ostomy Support Group for people who have or will have an intestinal or urinary diversion. The group meets monthly to discuss topics of interest to ostomates and their families and provides a safe environment for discussing concerns.

Certified wound and ostomy nurse Lisa Keyser, R.N., B.S.N., facilitates the group, which will meet 1 p.m. Wednesday, Feb. 10, in Meeting Room C at Williamson Medical Center. There is no cost to join the group. According to the United Ostomy Association of America, nearly 750,000 individuals have an ostomy and 75,000 new fecal and urinary ostomies are created annually. For more information or to RSVP, contact Keyser at 615.435.5317.

Williamson Medical Center, a 185-bed hospital fully accredited by The Joint Commission, provides comprehensive inpatient and outpatient care including emergency services, with credentialed physicians in 53 specialties and sub-specialties. The community-focused hospital offers a wide range of wellness services, screenings and classes. For more information about Williamson Medical Center, visit www.williamsonmedicalcenter.org.
