

Thank you for considering becoming a sponsor for the third annual Pink Gala fundraiser. This event is in memory of my mother, Rebecca Evans who lost her 20 year battle with breast cancer on December 24, 2009.

I have been touched by breast cancer in many ways. My first experience was my mother's diagnosis while I was in college and then again with her in 2000 when it came back. For 8 years she went in and out of remission until she lost her battle. In 2012, I was diagnosed with breast cancer and then the work I had done with The Pink Gala and Williamson Medical Center became even more important and meaningful to me. I am now even more determined to help improve the lives of women impacted by breast cancer in my community.

The Pink Gala is a celebration of my mother's life and inspirational battle. She was an exceptional example of how to handle a scary diagnosis and even scarier surgery and chemo treatment. I am so thankful to be on the other side and grateful for the wonderful treatment and care I received from the Breast Health Center at Williamson Medical Center.

The Beneficiary of the proceeds from this year's event is Williamson Medical Center Foundation with funds being used for the Breast Health Center located in Franklin, Tennessee. It provides a patient focused comprehensive approach to the diagnosis and treatment of breast cancer. It is an amazing resource for our community and one I am proud to support and I hope you will be too.

Thank you,

Kelly
