

Williamson Medical Center offers comprehensive inpatient and outpatient services, 24-hour emergency care, preventive health screenings and wellness activities. Services offered by Williamson Medical Center are developed to provide the most cost-effective, convenient and accessible health care possible. More than 600 physicians represent 70 medical specialties and sub-specialties. The caliber of physicians and care at Williamson Medical Center offers patients a level of expertise and sophistication one expects to find at larger facilities, but with compassion and convenience unique to WMC. In 2015, the Monroe Carell Jr. Children's Hospital Vanderbilt at Williamson Medical Center opened on our campus, adding dedicated pediatric emergent and inpatient care to our offerings. We are now able to provide focused, specific care to the children of our community as well as their parents.

The WMC Foundation serves as a development and charitable arm to support the medical center in providing top-tier medical care services and ongoing expansions to continually bolster our offerings to the members of our community. To fund capital projects such as our children's hospital, and fund outreach programs for the medical center, the Foundation seeks charitable gifts of all types, restricted and unrestricted. This office also raises funds to support this and other medical scholarships through events such as our annual golf tournament, now in its 23rd year.

For information about supporting The WMC Medical Scholarship Program, contact Leigh Williams, development coordinator of the Williamson Medical Center Foundation, at 615.435.5158 or lewilliams@wmed.org.

The Fay Porter Memorial Scholarship is named after Fay Porter, who was a friend and longtime supporter of Williamson Medical Center.

Applicants for this scholarship can be pursuing any type of degree in a health-related field. The scholarship ranges from \$500 to \$2,500 depending on the circumstances of the student awarded the scholarship.

The Ike Brown Scholarship is named in honor of Mr. Isaac "Ike" Brown, who served on Williamson Medical Center's Board of Trustees for 24

years, the last six of which he was chairman. This scholarship is available to medical students only and will pay \$2,500 toward medical school tuition to the student selected to receive this scholarship.

The Kim McMurray Memorial Nursing Scholarship is named in

memory of beloved nurse, Kim McMurray. She tirelessly served as a nurse at Williamson Medical Center for nearly 30 years and continued to work in various roles during years of arduous chemotherapy treatments for breast cancer. This scholarship provides an additional \$500 and will be awarded to a nursing student accepted in the nursing curriculum who demonstrates a particular connection to cancer or the treatment of cancer.

Applying for the Scholarship

1. Complete ENTRY FORM.

2. Write a one-page essay outlining your:

- » Experience in health care, if any.
- » Educational and future health care goals.
- » Reason for applying for the scholarship.
- » For nursing students interested in the Kim McMurray Memorial scholarship, please include your experience with cancer.

3. Make a list of your accomplishments.

Include your awards, extracurricular activities, community involvement, etc.

4. Obtain two recommendations.

One personal and one professional letter of recommendation are required. An instructor may provide a recommendation if the applicant is not employed in health care.

5. Provide a copy of your most recent high school or college transcript.

6. Return all materials by April 20, 2018.

Mail the ENTRY FORM with the following items:

- » Essay
- » List of accomplishments
- » Letters of recommendation
- » Transcript

Background Information

Scholarships are awarded annually to local students pursuing degrees in a health profession. The scholarship fund receives donations from Williamson Medical Center's medical staff and employees as well as contributions from members of the community. The annual Williamson Medical Center Foundation Golf Tournament also benefits the scholarship.

Requirements

- » Intended or current enrollment in a health care field of study
- » Williamson County resident with special consideration given to those associated with WMC (i.e., junior volunteers, Explorer Post, dependent of WMC employee, etc.)

Applications must be complete to be considered.
